Camino Science and Natural Resources Charter School Home/School Learning Compact

A student is more successful in school and beyond school when school staff, parents and the student are committed to working together for the benefit of the student. This partnership works best when partners understand their role and are committed to fulfilling this role. The purpose of this compact is to clearly define the role of a student, parent, teacher and administrator and to jointly pledge that we will each be accountable for the commitments in this pledge.
