[UP Parent/Student Community Service Requirement](#)

WHY JOIN PTSO?

UPA is a great school and you can help make it even better by adding your special talents and skills to our PTSO. We provide many opportunities to learn more about what is going on at UPA and make connections with people who share the same goals with one another.

By becoming a member of the PTSO you will gain a stronger connection to the school community which gives us a greater sense of belonging and a real support network for our families. When you have a concern about the school, your child's education, or have ideas to share, the PTSO is able to give you a real voice.

EVENTS AND SERVICE OPPORTUNITIES

The PTSO calendar is filled with many opportunities to become more actively involved, share your knowledge/skills, co-create wonderful events, and be of service to your student's school. Giving your time can be educational and fun as well! The PTSO hosts multiple events during the school-year where students and their families can experience and share their unique talents.

HOW TO EARN HOURS?

The UPA parent community service requirement expects every UPA family to complete 60 volunteer hours per year from each family (in addition to the student requirement of 30 service hours.) Many service opportunities can be completed even if you can't take time off work. Hours can be earned in a

variety of ways. To see a more detailed list of activities that qualify for service hours, [click here](#).
